

**Town of New Haven Depot Relocation  
Phase-1 Building Mover RFP  
Addendum No. 1  
9/20/21**

**Description**

The following changes will become part of the RFP and contract.

1. Change property or cargo coverage from \$1M to \$500,000.
2. Include \$1M umbrella coverage to extend over GL, auto and workers compensation.
3. Under Scope of Work, item 6, the term “per State requirement” referred to workers compensation only.
4. Clarification: since the selective demolition has been removed from the Building Mover RFP scope, it is the intent that as soon as the building mover is selected, they are to work with the Town to identify selective demolition required for the building mover’s structural and rigging requirements. Therefore, a descriptive narrative for each mover is important. Each mover’s approach will be weighed as part of the selection process. For example, if one mover says all the slate roof has to be removed and another does not require the slate roof removal, the cost of the slate roof removal will be added to the movers cost.
